I wish to respectfully highlight that discovery was not yet in effect, resulting in a significant waste of time and resources. Moreover, I must emphasize the misinformation provided to me, initially by the Pro Se Office, which first indicated a deadline of June 30, only to later retract and assert that such a deadline did not exist. Additionally, conflicting information was conveyed regarding the due date for amended complaints and pleadings—initially stated as April 25, then subsequently revised to April 30 2025 .

Compounding these procedural ambiguities, I have also been hindered by ongoing cybercrime issues, which have further complicated my ability to proceed efficiently. I intend to keep my filings succinct and focused, as I face considerable resistance from multiple fronts while endeavoring to file numerous cases.
